

PETS AND PLANNING

Saturday, April 28, 1:30 – 3:30pm; St Luke's Episcopal Church, 6030 Grosvenor Lane, Bethesda, MD

Most of us never think about what would happen if our pets outlived us or if we were no longer able to care for them. Although we love our pets, we don't prepare for their needs. Attorney Mindy Felinton, will explain what our options are and ways, from the simple to the more complex, to make arrangements for our pets after our death.

Regardless of the type of loss - disease, accident, theft - people grieving for the loss of a pet share a special kind of grief. Sharon Kirby, a volunteer counselor at the Association of Pet Loss and Bereavement, will discuss how to get through those first few months and what resources are available to help us.

Speakers: Mindy Felinton, Esq (www.felintonlaw.com) and Sharon Kirby (www.aplb.org)
