

Navigating the elder care system is complex, confusing and consuming. Mindy Felinton will bring clarity to the system, explain your options in a commonsense manner, reduce the amount of time you would otherwise spend stuck in the system and will assist you with:

1. Receiving the best nursing home care possible with the least out-of-pocket expense.

2. Making your State's Medicaid program work for you.

3. Qualifying for the Nursing Home Care Program in your State.

4. Creating an asset protection plan so you do not have to spend down your assets.

*Providing asset protection to families in crisis when a loved one needs long term care.*
